Academic Integrity and AI-Tool Usage Declaration

Case Study CS1: AUTOSAR HLD Document Analysis Assistant

University: Amrita Vishwa Vidyapeetham, Coimbatore

Student: Niharika Sharma

Roll No.: CB.SC.U4AIE23048

Section A: Academic-Integrity Declaration

I, Niharika Sharma, declare that:

- This project is my own work. All external libraries, models, papers, code and datasets that I used are cited.
- Only approved or synthetic documents were used. No confidential or proprietary material is included in the project.
- This work has not been submitted elsewhere and has not been copied from any other student or team.
- I understand every part of this project and can explain it and answer questions on it.
- I accept the consequences, including validation for integrity concerns, if this declaration is found to be false.

Section B: AI-Tool Usage Declaration

I used the following AI tools during development of this project:

Tool	Used for	Reviewed by
Claude (Anthropic)	Generation	Niharika Sharma
GPT (OpenAI)	Debugging	Niharika Sharma

I reviewed, tested and understood all AI-assisted output before including it in my submission. No real confidential data was entered into any AI tool.

Confirmation

This declaration is submitted digitally. The typed name below serves as my confirmation.

Name: Niharika Sharma

Roll No.: CB.SC.U4AIE23048
